**12 Months Contract
Internship X 2 Laboratory Assistants
Department of Pharmaceutical Sciences
Faculty of Science
Arcadia Campus
Ref: 25/48**

The SAMRC Unit and the SARChI in Phytomedicine has full-time (40 hours per week) internship positions available for TUT Life Science graduates interested in working in a laboratory research environment. The Interns will be required to broadly provide assistance to the Chair and Director for a period of 12 months. Specific key responsibilities will include:

- Provide assistance to postgraduate students, technical and research staff on specific experimental techniques and the use of specialised laboratory equipment.
- Responsible for stocking of laboratory reagents and consumables .
- Report and follow up with the Technical Service Department of electrical, computer or plumbing issues.
- Initiating purchase orders in compliance with research group ordering procedures .
- Maintain general laboratory and safety compliance ensuring bench tidiness and cleanliness of laboratory areas, including the correct disposal of liquid and solid chemicals and biohazardous materials.
- Ensure correct recording and storage of plant material, voucher specimens and keep updated logs .
- Monitoring the optimum operation of laboratory equipment and scheduling maintenance .
- Perform any additional duties as required by the Research Chair and/or the Senior Analysts.

Minimum Requirements

- Postgraduate Diploma or Honours degree (NQF level 8) in Life Science, Health Science or a related field, such as Biochemistry, Chemistry, Microbiology, Molecular Biology etc
- A Masters degree is an added advantage
- Prior experience in chromatography, mass spectrometry and extraction procedures is also an advantage

Women and people with disabilities are encouraged to apply.
